

Teacher's Transparency Template

Teacher, please use this transparency to show your students how the final tag will look.

Be sure that the student does not use borders or words within 2" of the 12" x 6" final size; otherwise, it may be trimmed off.

The innermost solid line represents the final size of the tag 6" x 12".

The outermost 12.5" x 6.5" dotted line can be matched up to the student template.
