Women and their companies continue to leave an indelible footprint on the economic progress of our country. Douglass Screen Printers is proud to be part of that legacy as a well respected women-owned business that brings seventy years of experience to bear on every job we produce. We are one of the few woman owners in the screen and digital printing community, a Top 100 diversity-owned business in Florida and the only screen printer listed in the Top 50 suppliers to the federal government. Isn't it time for you to make Douglass your preferred provider of bold, brilliant and clear graphics?

Lisa Kaiser Hickey
President and CEO

...AND A FEW WORDS

"Douglass Screen Printers is an extra-ordinary company. Staffed with highly trained, intelligent, friendly, responsive and competent people; it is *a genuine delight and pleasure doing business with them.* Over 10 years of continuous excellent service is hard to duplicate. Among many other pluses, it's design staff uses the latest graphics and computer technologies. Combined this with their "Can Do" philosophy, you have a plan to short circuit normal delays between art and printing departments leading to quick turn arounds and insuring that new product designs move smoothly from concept to finished printed product. *No request is too much; no deadline impossible.* I just wish that this company's attitude could be cloned into my other suppliers."

"Douglass Screen Printers deliver a quality product with excellent customer service. They're competitively priced; and on many occasions, *they've found ways to save us money* with different materials or printing techniques-always with great results."

"We have spoken of the trust and confidence I have for your staff, the quality of Douglass' work, and a conviction that once Douglass, your staff, comes on board through a government contract, *the Douglass Team effort far exceeds the contractual requirements* to provide outstanding service in a timely manner to the government."

"We have been working with Douglass Screen Printers for the last 6 years and have found that Douglass has *always delivered the signs on time*, and the quality of the signs has been good and the signs have held up well in the field. They have been excellent to work with and provide an insight into the ever changing world of signs.

WE CAN. WE DO.

Douglass Screen Printers employs a close-knit family of more than 50 artists, printers and support personnel who produce award-winning print jobs in the company's 35,000 square-foot main facility and 2,500 square-foot southside facility. By maintaining leading edge computers, scanners, plotters, presses and converting equipment, Douglass Screen Printers has been offering customers quality, consistency and competitive prices for over six decades! See for yourself how clear values, social responsibility and our "Can-Do!" resourcefulness make Douglass Screen Printers the company you'll want to call for you next print job.
